nominee that Kansas would go for him, Mr. White said no politics were discussed. No such trouble will develop in Kansas, he said, as Hughes had to face in California.

The Kansau does not agree with the enthusiasts over in the Sunflower state that it will roll up an old-time Republican majority this year, but he believes it will be safe. Other advices from Kansas are to the effect that as elsewhere about 80 per cent of the Progressives are not enthusiastic over Hughes, but they don't want to vote for Wilson.

In his talk with Mr. White, the candidate expressed perfect satisfaction.

have its business agents enter freight houses to collect dues, J. P. Roche, secretary of the union, announced. Three hundred and fifty men employed by the C. B. & Q. struck this afternoon. The railroad will not agree to the demands of the union, F. E. Forbes, chief clerk, of the freight department said.

The Motor Car Dealers' association, the aggregation of dealers who built the motor hall at the state fair grounds, held a meeting Monday night at the rooms of the Cadillac Sales company on Jackson street to perfect plans for the big show at the exposition at the fair grounds next month. They agreed upon a plan to add to motor hall and to double the lighting facilities.

tion at the fair grounds next month. They agreed upon a plan to add to motor hall and to double the lighting facilities.

The big hall will have practically double the number of electric lights there were there last year. There will be more space, too, but just how much has not been determined upon. All of the space has been contracted for by local dealers.

Within a few days invitations will be sent out to dealers all over the state urging them to come to the fair and visit the motor display at the fair grounds. They will be expected to bring prospective purchasers along with them. Purchasers will be able to find almost any kind of a car at the big display shown at motor hall September 11 to 16.

TODAY'S MARKET REPORTS.

Chicago, Aug. 29.—WHEAT—Despite veakness at the outset, wheat prices toweakness at the outset, wheat prices to day soon showed a decided tendency to recover from yesterday's severe setback. Selling pressure was much less pronounced than had been generally expected and a number of leading houses were completions buyers. Freezing temperature in northern Saskatchewan where the grop is late had considerable effect toward giving fresh courage to che buils. The opening, which ranged from 2%c off to %c up, with September at \$1.43% to \$1.44%, was followed by a material advance all around, but then something of a reaction.

The close was unsettled, 2%c to 34%c net higher with September at \$1.43% and December at \$1.45% to \$1.44%.

CORN—Corn reflected the wheat strength. After opening %c to %c lower, the market rose to well above yesterday's level.

The close was nervous at %c to 1%@ 1%c net advance.

OATS—Oats took the same course as other cereals. Early weakness quickly gave place to a noticeably firmer feeling. PROVISIONS—Higher prices on hogs lifted provisions. Fork led the advance.
